Food•Mood

The Psychobiotic Nutrition App

MOOD-FOOD INTELLIGENCE FOR WOMEN'S PREVENTIVE HEALTH

Susana Ferreras Diez · CEO & Founder

www.food-mood.app

• WomenINvestEU Femtech · June 2026

Psychobiotic nutrition app empowering women to build healthy habits through gamification, challenges & evidence-based gut-brain science.

— PROBLEM

**Your mood affects what you eat.
What you eat affects your mood.**
Nobody is connecting the dots.

01 1 in 3 women in Europe experiences **anxiety, burnout or hormonal mood disorders**

02 90% of serotonin is produced in the gut — yet **no app integrates this science** into daily nutrition

03 Existing apps count calories. **None address the gut-brain axis.**

04 Women 45+ face hormonal transitions with **zero personalised nutritional support**

Food•Mood maps your *emotional state* to functional nutrition.

CHECK-IN

Mood Engine

6 emotional states —
Activation, Calm, Focus,
Social, Reset, Comfort —
personalised daily recipes &
habit tracking via gamification.

RECIPES

Psychobiotic Library

Tryptophan, probiotics,
adaptogens & fermented foods
— evidence-based gut-brain
science in an accessible, fun
format.

CHALLENGES

Transformation Challenges

Track

Daily index & audio

Report

Insights & reward

Preventive health through food is the most *scalable, accessible* intervention.

- Reduces dependency on supplements & pharmaceuticals for **mood management**
- Democratises nutritional psychiatry — previously only accessible via **expensive coaching**
- Targets women 45+ (hormonal transitions), adolescents (early intervention) & **corporate wellness**

UN SUSTAINABLE DEVELOPMENT GOALS

3 Good Health & Well-Being — preventive nutrition access for all

5 Gender Equality — closing the women's healthcare gap

— MARKET OPPORTUNITY

€47B global femtech market.
Growing 15% YoY.

Multiple revenue streams.

Challenges lead.

Challenges

€19-29 per program

7-28 day guided transformation programs with audio, tracking & rewards. The primary revenue driver — high conversion, recurring purchases.

Primary revenue driver

Subscription

€9 / month

Full recipe library, mood history, audio content, challenges access & personalised plans.

Corporate Wellness

B2B contracts

Healthy habits programs for companies. Group challenges, team tracking, employer-sponsored subscriptions.

Data Licensing

Future revenue

Anonymised, standardised behavioural & nutritional data sold to EU health insurers, public health bodies & nutraceutical companies.

Long-term strategic asset

MVP live. Community validated.

Audio content in production.

- Functional PWA at food-mood.app with Stripe payments active & challenges live
- Active newsletter + WhatsApp & Telegram community channels — growing organically
- *"Food·Mood: El placer de estar bien"* — book written (pre-publication); audio content produced to accompany challenges
- Concept validated via founder's expert coaching practice & Umyko wellness events
- First investor matchmaking: [WomenINvestEU Femtech](#) — June 2026
